WORK EXPERIENCE

E-commerce Online Store

2022

Functional and engaging customer experience using HTML, JavaScript and CSS. -- A user-friendly website – for both desktop and mobile. Accounting total price automatically with the possibility to .remove, edit or add items

To-Do-List

2022

Designed by using HTML, JavaScript and CSS. It can do many functions whether to add a task or remove or giving it the highest priority.

Validation form

2022

Designed by using HTML, JavaScript and CSS. The form makes sure all the mandatory fields are filled in. It would require just a loop through each field in the form and check for data.

Sports theme

2022

Designed by using HTML, JavaScript and CSS. It's a mixture between aesthetic beauty and functionality.
